

Procedure to become an Authorized User Under FIU Radioactive Material License

- Submit complete application package to the Radiation Safety Office
- Application reviewed and approved by RSO
- Preliminary Laboratory Inspection by RSO
- Application reviewed and approved by Radiation Safety Committee
- Amendment request sent to Bureau of Radiation Control, Tallahassee
- Amended copy of license received by the Radiation Safety Office

The application package must contain the following items:

- Copy of resume
- Copy of records for training in use of radioactive materials
- Completed [RC-1 form](#) (click here to download form)
- Proposal for use of radioactive materials containing:
 1. What isotopes will be used?
 2. How much activity will be used?
 3. Where will these isotopes be used? (Please provide floor plan)
 4. Details of procedures for use
 5. Details of safety procedures
 6. Details of Security and access control

Note: *You may only begin use of radioactive materials once the license amendment has been received from the Bureau of Radiation Control, Tallahassee.*

Should you have any additional questions regarding this process, please feel free to contact the University Radiation Safety Officer at (305) 348-0489/2621.
