Sleighting It Safely: Holiday Edition ❄️ 🎄

Florida International University | Department Of Environmental Health & Safety | [ehs@fiu.edu](mailto:ehs@fiu.edu)

As the semester winds down and campus settles into its cozy holiday rhythm, we are excited to bring you a cheerful end-of-year edition of our Safety Newsletter. December is a time for celebration, reflection, and preparing for a fresh start, and we want to help you close out the year feeling informed and supported. Whether you work in a busy research lab, an active office, or a quieter space this season, there is something here for you. From festive safety reminders to behind-the-scenes highlights from EH&S, we hope this edition brings a bit of warmth and fun while keeping safety front and center. So grab a cup of cocoa, settle in, and enjoy our holiday-themed look at safety across campus.

## In this Month's Newsletter

❄️ **Heads up for January.** EH&S will begin the annual safety shower and eye wash inspections across FIU. Please remember to ensure all units remain fully accessible at all times and to run all plumbed units weekly to keep water fresh and clear. If your area uses eye-wash squeeze bottles, check their expiration dates and replace them as needed, as departments are responsible for maintaining these units. Let us start the new year with safe, proactive habits that keep every workspace ready for emergencies.

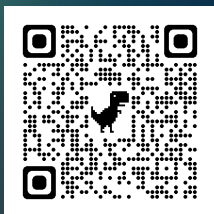

🏆 **Congratulations to Amer Awwad**, Senior Research Scientist for the Applied Research Center, our December Safety Shoutout! Check out his Safety Shoutout feature or nominate someone/a group for an EH&S' Safety Shout by visiting <https://ehs.fiu.edu>.

🎄 **A Safety Carol : A Journey Through Time** 🔔 Step into a holiday tale of past, present, and future, where the choices you make shape a safer campus for all and each small action adds to a culture of care.

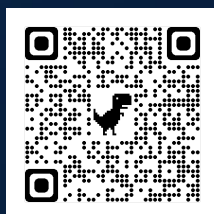

🎅 **Naughty or Nice: Making a List and Checking it Twice** 📁 Take a look at your workspace and see if your habits keep hazards at bay or need a little extra attention before the year ends.

🧑‍🔬 **Behind the Scenes at EH&S** ✨ Discover highlights from our year, from training and inspections to community engagement, and see how EH&S supports safety across every campus environment.
